Course Objectives:

To enable the student teacher:

1. To understand the concept, nature, and dimensions of self-including physical, emotional, social, and spiritual aspects.
2. To develop self-awareness, self-esteem, and self-concept essential for personal and professional identity formation.
3. To analyze their professional self through understanding the components of the professional Self-knowledge, skills, attitude, and values.
4. To conduct and interpret a SWOT analysis for identifying strengths, weaknesses, opportunities, and threats related to professional growth.
5. To define a clear professional direction for teaching, research and academic service.
6. To strive for excellence in teaching through innovation, inclusivity and sustainability.
7. To inspire students towards critical thinking, ethical values and social responsibility.
8. To translate personal vision into achievable classroom and academic practices.
9. To integrate research, fieldwork and community engagement into teaching.
10. To contribute positively to institutional growth, quality assurance and extension activities.
11. To integrate technology, real-life examples and interdisciplinary perspectives.
12. To use fair, continuous and formative assessment for learning improvement.
13. To engage in reflective practice and continuous professional development.

Activity: 1
SWOT Analysis

Introduction of SWOT Analysis: Explain the concept of SWOT analysis and its relevance to professional development.

Introduction of SWOT analysis:-

SWOT analysis is a simple and effective self-assessment tool used to understand one's strengths, weakness, opportunities, and threats. It helps an individual to evaluate both internal factors (strengths and weakness) and external factors (opportunities and threats) that influence personal and professional growth.

Originally used in organization, SWOT analysis is now widely applied in education for self-reflection and career planning.

Concept of SWOT analysis:-

Strengths: Positive internal qualities such as skills, knowledge, abilities, values & and personal traits that support success.

Weakness: Internal limitations or areas that need improvement, such as lack of confidence, skills or experience.

Opportunities: External chances or

6

favourable conditions like training programs, career options, mentoring, or learning resources:-

~~Threats~~: external challenges obstacles such as ~~competition~~, stress, time constraints or changing professional demands.

Relevance of SKOT analysisist professional development; helps in better self-awareness of strengths and weakness.

supports great setting and career planning helps in identifying and using professional opportunities.

~~Prepare~~ individuals to handle challenges and competition.

Improves decision-making and Professional confidence.

Conclusion: SKOT analysis is a powerful reflective tool that supports professional development by ~~guiding~~ individuals, to plan, improve, and grow systematically.

Individual Work of SWOT Analysis:

SWOT Analysis Chart (Quadrant) for Professional Self	
Strengths (Internal)	Weaknesses (Internal)
What skills, knowledge and personal qualities make you a good future teacher? What are your achievements? Your Response: - Good subject knowledge - Clear communication skills. - Patient & positive attitude - Interest in teaching profession - Basic lesson planning skills	Which area do you need to improve in terms of teaching skills, knowledge or personal traits? What challenges do you face personally? Your Response: - limited classroom teaching experience. - lack of confidence. - while speaking in large groups. - Need improvement time management. - limited used of advanced teaching technology.
Opportunities (External)	Threats (External)
What external factors can help you grow professionally (mentors, courses, workshops technology)? Are there trends in education you can benefit from? Your Response: - B.Ed training & teaching practice. - workshops, seminars & guest lectures. - Online courses & digital learning resources. - Guidance from teacher educator.	What external obstacles or challenges may hinder your professional growth (competition, limited resources, personal constraints) Your Response: - High competition in teaching profession. - limited job opportunities. - changing education policies. - work load & stress.

Group Discussion: Insight gaining from group discussion.

Helped me understand different perspectives and opinions of peers.

Improved my communication and listening skills.

Encouraged self-reflection through comparison of ideas.

Developed confidence to express my views clearly.

Promoted teamwork and cooperation.

Enhanced critical thinking and problem-solving skills.

Created awareness about strengths and areas for improvement.

Individual work of SWOT Analysis - chart.

Strengths.

Weaknesses.

- Good communication skills.
- Positive attitude towards teaching.
- Subject knowledge.
- Willingness to learn.
- Lack of classroom experience.
- Time management issues.
- Nervousness while speaking.
- Limited use of technology.

Opportunities.

Threats.

- Professional development workshops.
- Guidance from experienced teachers.
- Online courses and training programs.
- Practice teaching opportunities.
- High competition in teaching field.
- Work-related stress.
- Changing educational policies.
- Limited job opportunities.

Conclusion for SWOT Analysis: Summarize key learning points, Write strategies to use your strength-opportunities and address weaknesses- threats for your professional growth.

Key Learnings:

The SWOT analysis helped me gain a clear understanding of my professional self by identifying my strengths, weakness, ~~opportunities~~ and threats. It increased my self-awareness and guided me in planning my future professional development in a systematic way.

Strategies for Professional Growth:

I will use my strengths such as subject knowledge, positive attitude and communication skills to make effective use of ~~opportunities~~ like training programs, workshops, and mentoring.

I will enhance my skills through continuous learning and practice teaching to convert weakness into strengths.

I will work on time management and confidence building to overcome my weakness.

I will prepare myself to face threats such as competition and work stress by improving adaptability and emotional resilience.

I will set realistic goals and regularly review my progress for continuous improvement.

Overall, SWOT analysis has helped me create a practical plan for using my strengths and opportunities while addressing weakness and threats for sustained professional growth as a future teacher.

Suggestion of strategies for SWOT Analysis: Suggest strategies to use strength and opportunities and address weakness and threats.

1) Strategies to use strengths and opportunities:-

- Use strong subject knowledge and communication skills to actively participate in training programs, workshops, and seminars.

- Apply positive attitude and willingness to learn to take advantage of professional development opportunities.

- Use guidance from mentors and experienced teachers to further enhance existing strengths.

2) Strategies of Address weakness using opportunities:-

- Enroll in skill development courses to overcome weakness such as lack of confidence or technological skills.

- Use practice teaching and internships to improve classroom management and teaching skills.

Seek feedback from peers and teachers to identify areas of improvement.

3) Strategies to use strengths to overcome threats;-

- Use adaptability, patience, and problem-solving skills to face challenges like competition and work pressure.
- Maintain ~~4~~ professionalism and continuous learning to cope with changing educational demands.

4) Strategies to minimize, weakness and avoid threats;-

- Improve time management and stress management skills to reduce work-related stress.
- Develop emotional resilience and self-discipline to handle professional challenges set realistic goals and maintain a balanced towards personal and professional life.

Activity: 2
Development of
Vision, Mission
and Teaching
Philosophy

Introduction of Development of Vision, Mission and Teaching Philosophy: Explain the concept of vision, mission and teaching philosophy and their importance for teachers.

Introduction:-

The development of vision, mission, and teaching philosophy is an important of a teacher's professional growth. These concepts help teachers understand their purpose, values, and long-term goals in the field of education. They guide teachers in planning, teaching, and decision-making and shape their identity as reflective professionals.

concept of vision, mission, and teaching philosophy:-

vision:- refers to a teacher's long-term dream or ideal about the kind of educator they want to become and the positive impact they wish to create in student lives and society.

mission:- explains the teacher's present goals and actions taken to achieve the vision.

It focuses on daily responsibilities, teaching practices, and commitment towards students' learning and development.

Teaching philosophy: It is a personal statements of beliefs, values, and principles about teaching and learning.

- It reflects how a teacher, views learners, learning processes, classroom environment, and the role of a teacher.

Importance for teachers:

- Provides clarity of purpose and professional direction.
- Helps in goal setting and effective planning of teaching-learning activities.
- Promotes reflective practice and self-improvement.
- Guides ethical and value-based teaching.
- Enhances professional commitment and confidence.
- Supports continuous personal and professional development.

Individual Work for Development of Vision, Mission and Teaching Philosophy:

Vision Statement: Describe your long-term goal as teacher.

- to become a dedicated and effective teacher.
- to create a ~~positive~~, inclusive, and supportive learning environment.
- to promote academic excellence and conceptual understanding.
- to develop student's moral values and life skills.
- to encourage student's ~~in~~ critical thinking and creativity.
- to support the holistic development of learners.
- to engage ~~in~~ continuous professional growth and lifelong learning.

Mission Statement: Outline how you plan to achieve your vision.

- to plan and deliver learner-centered and activity-based lessons.
- to use innovative teaching methods and educational technology.
- to create a safe, inclusive, and motivating classroom environment.
- to encourage active participation and critical thinking among students.
- to assess students continuously and provide constructive feedback.
- to inculcate values, discipline, and life skills through teaching.
- to participate in training, workshops, and professional development programmes.

Sharing with Peer: Constructive suggestion provided on shared statements in pairs or small group.

- Suggested to make vision and mission statements more specific and realistic.
- Advised to align teaching philosophy with classroom practices.
- Recommended including student-centred and inclusive approaches.
- Suggested focusing on continuous professional development.
- Encouraged the use of innovative and activity-based teaching methods.
- Advised to clearly mention values and life skills in teaching goals.
- Suggested to clearly connect vision, mission, and teaching philosophy.

- Advised to include measurable and achievable goals.
- Recommended emphasizing inclusive education and learner diversity.
- Suggested greater focus on student engagement and motivation.
- Encouraged the integration of technology in teaching - learning.
- Advised regular self-reflection and feedback for improvement.

Revision of Development of Vision, Mission and Teaching Philosophy: Revise and highlights key points, emphasizing alignment between personal values and professional goals.

Key points:-

- Emphasis on value-based education, reflecting honesty, responsibility, and empathy.
- Alignment of personal commitment with the professional role of a teacher.
- Focus on learner-centered and inclusive teaching practices.
- Integration of ethical conduct and professionalism in daily teaching.
- Commitment to continuous self-improvement and life long learning.
- Balance between academic excellence and holistic development of students.
- Clear linkage between long-term vision and daily teaching practices.

Emphasizing alignment between personal values and professional goals:-

- My personal values of honesty, empathy, and responsibility guide my professional conduct as a teacher.
- I aim to reflect respect, equality, and inclusiveness in my classroom practices.
- My commitment to lifelong learning supports my goal of continuous professional growth.
- I value discipline and hardwork, which align with my goal of academic excellence.
- My belief in student-centered learning shapes my teaching methods and classroom environment.
- I strive to promote moral values and life skills alongside subject knowledge.
- This alignment helps me remain motivated my professional goals.
